Paper Title :

Author(s):

The Assignor (author or authors) undersigned hereby transfer the rights, interest, copyright and digital copyright related to the article ("work") to NINE Nuclear and Industrial Engineering when the work is accepted for presentation and publication in proceedings by the Best Estimate Plus Uncertainty International Conference (BEPU-2018).

The Assignor warrants that he has full right to make this Agreement that his work does not violate the rights of other persons nor infringe upon any existing copyrighted work. If copyrighted material of a third party is included, the Assignor agrees that he will obtain required permission for its reuse.

The Assignor retains the right to reproduce this article for his own use. Also, the Assignor keeps the right to use all or part of the work in future works he prepares--but not within twelve months after BEPU-2018 publishes this article, unless agreed to by BEPU-2018.

The Assignor also retains the right to grant to third parties permission to republish all or part of the work, provided written permission also is given by BEPU-2018. Proprietary rights other than copyrights, such as patent rights, also are retained by the Assignor.

If the Assignor is acting for other authors, their rights are retained or transferred in the same manner under this Agreement.
